**ADOPTED**

**AGENDA ITEM 17-1332**

**Pridgen - Buffalo Police Department Check Point Policy**

- Whereas police forces have been known to increase traffic enforcement as a response to increased crime;
- Whereas such a response occasionally takes the form of "check points," where police use high visibility road blocks to uniformly scan all passing traffic for expired licenses, lapsed insurance, or outstanding warrants, and detain any motorists flagged during the process;
- Whereas BPD leadership, the administration, and The Council concur that there is a responsibility to ensure that check points do not disproportionately target certain neighborhoods and that they are not conducted with discretionary and non-uniform procedures;
- Whereas although the development of police protocols can be considered sensitive information, The Council still has a duty to ensure fair and equitable protection of its constituents; and
- Whereas in order to effectively execute its duty on behalf of the people, The Council requires certain information provided by various commissioners and deputies: Now, Therefore Be It

*Resolved that The City of Buffalo Common Council-*

- 1) Directs the commissioner of BPD to produce a report on BPD use of check points and deliver such report to The Council within one (1) week of the adoption of this resolution;
- 2) Requests that the aforementioned report contains data on the location, frequency, and results of BPD checkpoints covering a period of three (3) years to date; and
- 3) Directs City Clerk to forward this resolution to the commissioner and deputy commissioners of BPD upon the resolution's adoption.
